ARK LEA FARMS DURA - We bought this calf from Mr. Hartley at Baxter Springs, Kans. as a three and a half months old calf as a future herd sire. We thought then and still think that he is tops. I have seen several bulls sell for \$5,000 and up, that in my opinion were not as good. He is tremendously thick, good headed and well balanced, and has one of the mellowest hides we have ever seen on a bull. In the 1948 North Chicago Breeders' Sale, F. W. Harding sold three heifers mated to his sire, Glassel Dura for a \$2400 per head average. They were bought by Wisconsin, Ohio and Illinois breeders. The dam is an outstanding daughter of Edellyn Campeon Mercury and is a half sister to the International grand champion Sni-A-Bar Control.

# Dispersion Sale

## *Here Are Shorthorns Everyone Will Like*

There are a great many things about this offering of cattle that will appeal to Shorthorn men everywhere. Those of us who during the past ten years have watched S. O. Harris assemble this herd of cattle are well aware of the fact that he exercised keen judgment in his selection of every animal that went into the herd. Individuality, quality and bloodlines were first with cost being secondary. As a result, he was a top buyer at many of the nation's leading sales.

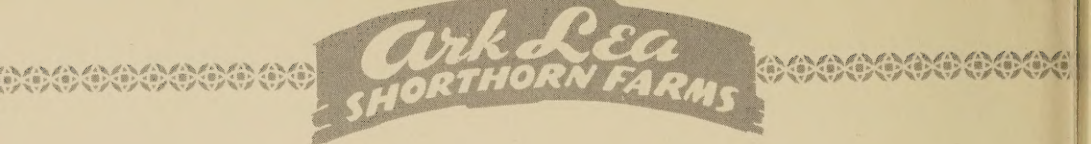

Early in the game he decided to concentrate on the Mercury-Royal Leader cross and he can show you on sale day that it has been successful for him. You are going to have the opportunity to buy several outstanding herd sires and herd sire prospects. I saw Millgate Royal Leader as a calf at Millgate Farms early in 1946 and rated him as one of the good calves of that year. You will agree he still looks the part as a four year old bull.

The females are an unusually outstanding group, all sound and healthy producers.

It is a pleasure to participate and assist Mr. Harris in the staging of this sale because most surely every lot sold will become a valuable asset to the new owner.

Mervin F. Aegerter of the Shorthorn World.

ST. LOUIS, OKLA.
